

# DOES YOUR CANDIDATE SUPPORT JOBS AND OPPORTUNITY IN LOUISIANA?

Election Day is fast approaching. Join us in asking candidates if they support [transformational change for Louisiana](#).

## Taxes

Do you support **simplifying Louisiana's tax code** by removing some tax preferences and phasing out or eliminating the state's personal income tax? Why or why not?

## Budget

Do you support **more responsible state budgeting** that evaluates government-funded program outcomes and limits the growth of government spending? Why or why not?

## Education

Do you support **giving parents the power to choose the education that fits their child's needs** through education scholarship accounts, whether it's a public, private, home school, or another educational program, rather than assigning kids to schools based on zip code and limiting where education dollars can be spent? Why or why not?

## Public Safety

Will you support **proven public safety policies that reduce crime**, including focusing resources on preventing violent crimes and supporting reentry programs that give people the tools to thrive in society following incarceration? Why or why not?

## Safety Nets

Do you believe we should **replace Louisiana's complicated safety net system with a simplified system** that provides temporary help for those in need, encouraging them to find a job and become self-sufficient? Why or why not?

## Technology & Innovation

Do you believe **consumers, not politicians and government bureaucrats, should be able to make decisions** about which technologies they use and allow the market to respond to consumer demands? Why or why not?

## Occupational Licensure

Do you believe the government should **require individuals to obtain a license to work** in certain occupations when there are no health, safety, or welfare concerns? Why or why not?

## Legal

**Lawsuit abuse is driving jobs and opportunity out of Louisiana.** Do you support ending state-sponsored lawsuits against some of Louisiana's biggest job creators? Why or why not?
